Ice-pocket cooling flap

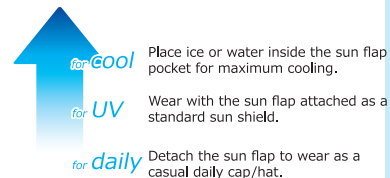

Patented US9271530

JP6008301

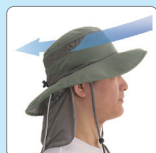

The coolbit® Ice Pocket features a unique, patented cooling structure.

Place ice or water inside the sun flap pocket for maximum cooling.

3-Way Versatile Style

Instructions: Simply place ice or water into the pocketed sun-shielding flap (which features built-in super-absorbent fibers), attach it to the hat, and wear. Works perfectly with standard ice cubes from your home freezer or convenience store!

Breathable side mesh keeps you cool!

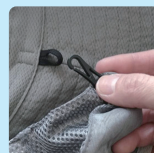

Ice & water pocketed cooling flap

Folds down compactly

Moldable wired brim edge

Removable cooling flap & chin strap

Cap & Hat

Comfortable hats designed for year-round wear.

Long-Lasting Coolness! The Cooling Hat.

The coolbit® Ice Pocket features a unique, patented cooling structure.

Cooling performance graph of the coolbit® Ice Pocket section

— Outside Temperature
— 5-6 ice cubes
— 150ml of 15°F/15°C cold water
— ice pack

Result: All three methods demonstrate a long-lasting cooling effect on the back (body side) of the Ice Pocket throughout the day.
Measured via Thermo Recorder.
